LITTLE MISUNDERSTANDING BUT MUCH CLOUDY THINKING

President Warns People Not to Let Thoughts Wander Into Byways.

Washington, Oct. 8.—Americans who are discussing an early peace with Germany should not let it mean a crushing of the democratic ideals for which the United States has always stood, President Wilson said today to a committee of the Patriotic Education movement who called at the White House.

He said the only way to end the was is by a complete victory of the nations respecting those ideals over Germany's doctrine of force. Many people, said the President, are inclined to let their thoughts on the causes and principles underlying the war wander into byways and forget the main reason that the United States is at war is to defeat a government that threatens the existence of democracy.

Endorses the Plan

The President endorsed the plan of the new organization which includes a number of religious, business, labor and fraternal groups, for unifyinf the spirit of America. Little real misunderstanding of the war exists in the United States, he said but it is evident there is considerabel cloudy thinking whic ha partiotic educational movement can set aright.

The League, which will have headquarters in New York, chose as honorary chairmen Cardinal Gibbons and Dr. Frank Mason North, president of the Federal Council of Churches. Theodore N. Vail, president of the Amreican Telegraph and Telephone company is the active chairman, with Samuel Gompers, president of the American Federation of Labor; Charles Barrett, president of the Farmers Educational and Co-Operative Union; and George Pope, president of the National Association of manufacturers, as vice chairmen.

OKLAHOMANS AND TEXAN LOSE IN SUPREME COURT

Washington, Oct. 8.—E. T. Thurston of Galveston, Texas, was denied by the Supreme Court today an appeal from decisions of lower Federal courts finding him guilty of violating the Harrison drug act. After Thurston had once pleaded, he sought to have his conviction and sentence overruled. The courts would not allow this.

Bob Braziel, convicted in Oklahoma Federal courts of having sent liquor into Indian Territory, must serve the sentence imposed, the court today refusing to allow him an appeal.

The court today denied a writ of certiorari application in behalf of the Northern Central Railroad, subsidiary of the Pennsylvania, fined for rebating on coal shipped by the Mineral Railroad and Mining Company.

The Ground Coupler Company won today in the case for alleged infringement of patents brought by the Safety Car Heating and Lighting Company. The latter was denied an application for a rehearing of the decision of lower courts against it.

ITALIAN SUB GETS AMERICAN SHOTS THROUGH MISTAKE

Washington, Oct. 8.—Vice Admiral Sims cabled the Navy department today that an American patrol vessel on duty in the war zone had fired on an Italian submarine which failed to answer recognition signals, killing one officer and an enlisted man.

Secretary Daniels at once sent a message to the Italian ministry of marine, expressing deepest regret over the unfortunate occurrence and tendering his and the American navy's sympathy for the loss of life.

NEW YORK CONFIDENT GANTS WILL TAKE THE WORLD SERIES

New oYrk, Oct. 8.—Notwithstanding the reverses suffered by the New York Giants, champions of the National League, in their two encounters with the Chicago White Sox, pennant winners of the American League, followers of the national game in New York are confidently awaiting the third contest which will be played in the spacious Polo grounds tomorrow afternoon.

Still hopeful that John McGraw's men have the punch to bring the world's baseball championship to this city after twelve years effort, many thousands of devoted fans will pack the immense stands and root for the home club.

The two teams are in New York tonight. The Giants were greeted by hundreds of their supporters as they dropped off their special train in Harlem this afternoon. Those who expected to see a dejected lot of baseball tossers missed their guess. On the contrary, the men greeted their friends as cheerfully as if it were the White Sox that had suffered the bitterness of two defeats. Each player felt hopeful that tomorrow will tel la different story.

Victory was written all over the faces of the Chicago players. They hit the town with the full expectation of tarrying but two days in which they declare they will conclude the 1917 world's series by making it four straight. Both teams and thousands of fans are hoping tonight for fair weather and each aggregation will fight as perhaps it never fought before the carry the long end of the score in tomorrow's game.

World Series Receipts

	Sunday's Game	Both Games
Attendance	32,000	64,000
Receipts	$73,152.00	$146,304.00
Players	39,502.08	79,004.16
Each club ..	13,167.36	26,334.72
Commission	7,315.20	14,630.40

World Series Baseball

In the world series baseball games being played between the New York Giants and the Chicago White Sox, the first wo games, played Saturday and Sunday, were won by the White Sox. The score was 2 to 1 in the first game and 7 to 2 in the second. No game was played Monday, the teams going from Chicago to New York to play two games.

NO "PEACE" GABFEST IN SOUTH DAKOTA SAYS THE GOVERNOR

Sioux Falls, S. D., Oct. 8.—Plans for holding a state conference of the People's Council of America for Demoracy and Peace here next Wednesday were suddenly changed today with the announcement of an ultimatum by Governor Beck, declaring that the legal forces of the state would be used to prevent the proposed meeting.

William C. Rempser, secretary of the state organization, this afternoon announced that the delegates had abandoned the idea of holding a public meeting but that a private meeting would be held to determine upon a course of action.

DECISION ON DRAFT IS DUE BY NEW YEAR

Washington, Oct. 8.—Indicating a decision on the constittionality of the draft law before New Year's, the Supreme Court today set December 10 as the date for opening arguments.

Government officials and those fighting the selective draft law are agreed on the desirability of early settlement of the question.

Window Display Week

Yesterday marked the beginning in Paris of participating in Newspaper Window Display Week, and the display sign was posted on several. Today will mark the real beginning and by tonight the signs will dot different stores all over the business section.

All articles displayed have been advertised in the Newspapers recently and it will be worth anyone's time to go over the business district and see the tasty displays. To the store having the nicest window the advertising committee of the Chamber of Commerce will award a prize. The News will give the prize, which will be a half page advertisement, worth $17.50.

ECUADOR WON'T GIVE GERMAN MINISTER OFFICIAL GLAD HAND

Quito, Ecuador, Oct. 8.—The secretary of foreign affairs today sent a telegram to the Ecuadorean legation at Lima, Peru, announcing that Dr. Perl, the German minister to Peru and Ecuador, will not be officially received by the Ecuadorean government in case he attempts to come to Ecuador.

Dr. Perl was handed his passports by the Peruvian government Saturday and it was reported from Lima that he would go to Ecuador.

Washington's View.

Washington, Oct. 8.—By State department officials and diplomats the action of Ecuador is considered as practically a rupture of relations between that country and Germany.

MEXICAN REBELS DEFEAT REGULARS NEAR THE BORDER

Presidio, Texas, Oct. 8.—Thirty Mexican government troops were killed and forty taken prisoners when a band of bandits claiming to be Villa followers attacked a federal command at San Antonio Pass, opposite Candelaris, Texas, yesterday, according to a report received here today. Six of the bandits were killed and seven were wounded according to this report, which was brought by a native who arrived from San Antonio Pass.

The government force he said was in command of Colonel Miranda and was almost annihilated by the superior force of the bandits.

GERMANS ON ARMED LAUNCH ARE CAPTURED

Melbourne, Oct. 8.—German sailors, members of the crew of the raider Seeadler, have been captured in the vicinity of the Fiji Islands, according to a report received here today.

A steamer which was approaching Wakaya Island sighted a suspicious armed launch.

The steamer bore down on the tiny vessel and signaled it to surrender. The Germans did so. They were surprised and overcome with anger when they discovered their captor was entirely unarmed.

WHITE SOX WILL WIN FOUR STRAIGHT, BAN JOHNSON SAYS

Chicago, Oct. 8.—"The White Sox will win four straight."

That was the modest prediction Ban Johnson, president of the American League, made to the press.

"There is nothing to it," continued Ban. "When the Sox return from New York City they will be world champions. They have played the Giants off their feet and will continue to do so."

CONSPIRACY IS AGAIN DENIED AT ABILENE TRIAL

Abilene, Tex., Oct. 8.—That he was instructed to report to the convention everything submitted to the resolutions committee with the testimony of Defendant George B. Cathcart this morning in explaining the majority report signed by him and Defendant W. A. Bergfeldt at the second of May state convention of the Farmers and Laborers' Protective Association at Cisco.

Cathcart, who took the witness stand Saturday afternoon in the trial of forty-one members of the F. & L. P. A., charged in federal district court here, with seditious conspiracy, continued his testimony today. He finished his direct testimony just before noon and the cross-examination was then begun.

Cathcart said he did not believe the majority report and if the decision had been left to him he "would have put it in the waste basket." He said that he had been told by Defendant Z. L. Risley, state president of the order, that he would rule out of order any unlawful moves.

Cathcart also testified as to the trip to Oklahoma to investigate the proposal to amalgamate with the Working Class Union and the Industrial Workers of the World. His testimony as to this trip was very similar to that given by Bergfeldt last week. Cathcart denied that he had ever entered into any agreement or conspiracy to rebel, or that he had done any of the things charged in the indictment.

On cross-examination he said he had advised initiates into the Thurber lodge to buy high-power rifles to protect their homes.

"KAISER WILHELM" MARCHES ALONG FAMOUS BOWERY

New York, Oct. 8.—"Kaiser" Wilhelm marched down the Bowery today. "Wilhelm" wore a breast covered with clanking medals, a glittering helmet and a sign bearing the words, "Mit Gott fur Faderland."

He was handcuffed to "Uncle Sam."

This spectacle was a feature of the department of drafted men. Louis Annarharo posed as the Kaiser and Robert Kenney as Uncle Sam.

ATTORNEYS FOR SALOON MEN ARE STILL "DIGGING"

Dallas, Oct. 8.Attorneys representing Dallas liquor dealers were again at work investigating records in county commissioners court this morning in connection with the calling and holding of the local option election on Sept. 10. Attorney James J. Collins would go no further than to say that the dealers "may or may not" institute legal proceedings.

One man known to be closely in touch with the interested parties said that proceedings will be filed tomorrow. A current rumor has it that proceedings will be instituted in both federal and state courts.

GERMAN CHANCELLOR GOES TO MAIN HEADQUARTERS

MANY INCENDIARY FIRES LEAD TO ARRESTS OF I. W. W.

San Francisco, Cal., Oct. 8.—Hundreds of men patrolled the streets at Modesto and Stockton, Cal., and fifty members of the I. W. W. are in the jails of the two cities today as a result of a series of incendiary fires which began simultaneously in San Jonquin and Stanislaus counties.

Sheriff Davis of Modesto, where the greater number of fires occurred, charges that the I. W. W. started the fires in retaliation for the arrest of Dan Lavery, I. W. W. leader in this district, wanted by Chicago Federal authorities.

Eight fires broke out at the same time in various sections of Modesto. From midnight until dawn the city was in a fervor of apprehension. Hundreds of citizens armed themselves and there was danger for a time that they would have a lynching bee. Peace officers prevailed, however, and citizens contented themselves with putting into jail forty I. W. W. members.

All the Modesto fires were started by balls of phosphorous thrown into dry hay. In Stockton the Podesta winery caught fire and was destroyed. The company's fire hose was found to be disconnected and wires leading to an electric pump were cut.

REPORT ON CROPS SHOWS DECREASE IN SOME FOODS

Washington, Oct. 8.—Considerable losses are reported in some of the country's principal farm crops as a result of conditions in September, but today's government report indicated there would be record crops of corn, oats, rye, white and sweet potatoes, tobacco and feeds. The loss is highest in corn which showed a reduction of more than thirty-six million bushels since Sept. 1.

Other losses are: Spring wheat, 7,909,000 bushels; barley, 2,180,000 bushels; buckwheat, 2,331,000 bushels; white potatoes, 8,985,000 bushels; sweet potatoes, 907,000 bushels; apples, 537,000 bushels; sugar beets, 113,000 tons; beans 4,155,000 bushels.

Some crops, however, showed important increases, especiall oats which are given at 47,382,000 bushels making it a record crop of 1,580,714,000 bushels or thirty-one million bushels more than that of 1915.

Other grains were: Rice, 1019,000 bushels and tobacco showed large incease in production.

$1,000 STOLEN FROM WOMAN BY FIVE MEN

Chicago, Oct. 8.—Five auto bandits today held up Miss Hulda Sandgren, 23, on a crowded street, knocked her down when she resisted and escaped.

They obtained $1,800 cash, which Miss Sandgren was taking to a bank for a banking company.

THREE FOUND DEAD IN HOUSE FULL OF GAS

Chicago, Oct. 8.—John Jurek, his wife, Mary, and his daughter, May, 21, were today found dead in their gas-filled home. Two jets were found open. The police believe their deaths accidental.

Little Activity on Battle Fronts But Artillery Is Keeping Up the Duels.

Although the sun shone Monday in Flanders the rain had rendered the territory east of the Passchendaele-Gheluvelt ridge a veritable bog, making infantry action on any large scale an impossibility for the present.

There has been, however, a number of small actions in the nature of trench raids or reconnaissances and the big guns of both the British and German are keeping up a mighty artillery duel virtually without pause.

Likewise on the southern line in France and in the Austro-Italian theater, only artillery shows activity. On the northern end of the front in Russia several attacks by the Germans on positions in the Riga sector were repulsed by the Russians who also took some prisoners.

Debate Postponed.

Although it had been anticipated that the Main committee of the German Reichstag on Monday would discuss the German war aims, the debate was postponed to Tuesday. Meanwhile the imperial chancellor has gone to the main headquarters, a fact which may be of some significance. Always, prior to the opening of debate on important subjects in the Reichstag the chancellor has visited the main headquarters for a conference with Emperor William and Field Marshal von Hindenburg.

Russian Politics Clear.

The political factions in Russia have at last come into an agreement on points which have been in dispute between them and the government over the forming of a cabinet and it announces that a coalition cabinet will be immediately instituted. The country, however, is now threatened with a general railway strike which partly was put into effect at midnight Sunday, notwithstanding the threat that the men taking part in it would be charged with treason towards the government.

GREECE ABOUT READY TO PUT HER ARMY AGAINST KAISERISM

Washington, Oct. 8.—Greece is nearly ready to put a large and effective army in the field to co-operate with the Allies, according to dispatches from the Athens foreign office to the Greek legation here. Lack of equipment is being remedied rapidly with the aid of the Allies. The Greek minister said that the situation in Greece is becoming more satisfactory every day. The people are thoroughly confident of the future of Greece and are willing to allow the present ministry to continue in the work of reorganization of the resources of the country so that Greece may throw her full strength into the war. He said there is no pro-German party in Greece—in fact, such a party never existed only in the person of King Constantine aided by certain members of his court.

HOLDING MANY NEGRO TROOPERS IN RIOT CASE

Columbus, N. M., Oct. 8.—Many other members of the Twenty-Fourth United States Infantry (negro troops) in addition to the 156 negro soldiers held at Fort Bliss, may be implicated in the Houston, Texas, riots, it was indicated today.

Six hundred men of the Third Battalion are detained in camp here under a heavy guard of the Sixty-Fourth Infantry and thirty-six additional negroes are confined in a stockade, it was learned, with the arrival of Colonel John A. Hull and Major D. V. Suthphin, Judge Advocates from Fort Bliss, in connection with the investigation.

AFTER MANY REMEDIES--INTERNAL BATHS

Mr. Joseph Rosenbaum writes Dr. Chas. A. Tyrrell of New York as follows:

"For many years I was a sufferer from Rheumatism, Neuralgia and Constipation, and after trying many remedies I purchased your 'J. B. L. Cascade.' Have been using it ten or twelve years and find it most beneficial. All the above ailments have disappeared and I now enjoy excellent health."

You can help Nature in Nature's most efficient way, by internal bathing with the "J. B. L. Cascade," and in an easy, non-habit forming manner keep the intestine as sweet and clean as Nature demands it to be for perfect health. Over half a million keen, bright, healthy Americans testify to its results.

It is the invention of Dr. Chas. A. Tyrrell, M. D., of New York, a specialist on Internal Bathing, and is now being shown and explained by R. J. Murphy in Paris. They will be glad to give you free on request a booklet, by Dr. Tyrrell, "Why Man of Today is Only 50 Per Cent Efficient," which is most interesting, and will tell you facts about yourself that you have never before realized.

Keep your stomach, liver and bowels in good condition if you would have health. Prickly Ash Bitters cleanses and strengthens these organs and helps the system to resist disease germs. Price $1.25 per bottle. R. J. Murphy, Special Agent.

MONEY AMERICA THROWS IN AIR FOR WAR TO COME BACK

Washington, Oct. 8.—"Every dollar invested in war aircraft is a dollar invested in air transportation after the war.

"The United States is on the eve of a transportation revolution which will follow the war, and the aircraft board will probably play as important a part as the shipping board. The air plans as far as possible, are being made to facilitate transportation into industrial equipment when peace comes."

This is the statement of Senator Morris Sheppard, author of the administration aircraft board bill.

Long before the war Sheppard had proposed a department of aeronautics. The substitution of the plan for an aircraft board was the result of the pooling of ideas between the army, navy and aero societies.

The yong officers who have developed the army's air program have from the very first modeled their plans with the view to an immense industrial air fleet after the war.

Must Win in Air.

Just as a mercantile marine is necessary to maintain a fighting navy by nurturing the constructiors so will that nation excel in air warefare which as the most highly developed air fleets in commerce.

Much of the work being done today is permanent. The aviation training camps will be training camps after the war. The first air mail routes will probably be between these camps.

The factories now turning out aircraft parts and the assembling plants will produce commercial aircraft.

Since the government has almost absorbed the industry it will probably remain in government hands, just as the new mercantile marine.

Undoubtedly the first commercial service will be in connection with the postoffice. A new fast mail service, carrying bank checks and speeding up the clearing operations of the federal reserve system is already being planned.

A treasury department coast patrol in connection with the revenue system and the life-saving service is already being mapped out.

At the end of the war thousands of air chauffeurs will return from the battle fronts ready to enter the new business.

Many engineers predict the commercial development of the airplane will surpass that of the automobile. Thanks to the war, and the necessity of investing hundreds of millions of government money in aircraft, the industry has passed through experimental stages which would have occupied several years if left to private capital.

U. S. Sre to Lead All.

The entry of the United States into the war in time to profit by the mistakes and successes of the other nations, with unimpaired resources and credit, insures we will be in the lead at the opening of the era of airplane transportation.

No one today can set any limits to the possibilities of the air routes. Passengess, mail and light freight are already in sight, also a tremendous use of the airplane as a pleasure craft.

The new aircraft board is to consist of the chief signal officer of the army, the chief constrctor of the navy and seven civilians to be named by the president. The salaries of the civilian members will be $7,500 per year. They are put in entire charge of all aircraft activities until six months after the war.

WOMEN STEADY WORKERS

It used to be said that women could not be depended upon like men to work steadily, and, consequently, ought not to expect so much pay as men employed at similar work.

While it would be foolish for any young woman to stay at work when physically unfit, it is believed that most women now continue at their work as constantly as men. Any woman who is unable to do so, should take Lydia E. Pinkham's Vegetable Compound, the old, reliable medicine for women, and get the aid she needs to enable her to keep at work.

Pursuant to a resolution passed by the city council of the City of Paris on the 5th day of September, 1917, I hereby give notice that an election by the qualified voters, who are property tax payers of the City of Paris, will be held between the hours of 8 o'clock a. m. and 6 o'clock p. m. on the 9th day of October, 1917, for the purpose of determining the following proposition: Whether or not the City of Paris shall be authorized to issue the bonds of the City in the sum of Twenty Thousand Dollars, and levy a tax sufficient to pay the interest on said bonds, and create a sinking fund sufficient to redeem them at maturity; the said bonds to bear interest from date at a rate not exceeding five (5) per cent per annum, interest payable semi-annually; said bonds maturing 30 years from date, with the option of redeeming after ten (10) years from date, and to be issued for the purpose of improving streets, and to be known as Street Improvement Bonds, Series "H." The polling places and presiding officers of said election shall be respectively as follows:

Ward 1:—City Hall, corner 21st and Kaufman streets, E. A. Barnes, presiding officer.

Ward 2:—Johnson Building, Grand avenue, J. R. Justiss, presiding officer.

Ward 3:—Court house, J. E. Bobo, presiding officer.

Ward 4:—Lamar Motor Car Co's. building, Lamar avenue, J. W. Webb, presiding officer.

The form of ballot to be used in said election for those voting in favor of the issuance of bonds shall be as follows: "For the issuance of Street Improvement Bonds, Series 'H.'" The form of ballot to be used in said election for those voting against the issuance of bonds, shall be as follows: "Against the issuance of Street Improvement Bonds, Series 'H'". The election is to be held in accordance with the general election laws of the state, in so far as the same are applicable and not in conflict with the provisions of the City Charter. Every property tax payer of the City of Paris, who is qualified to vote for members of the legislature of the state, and who has resided in the limits of the city for six (6) months, and in the ward in which he offers to vote for thirty (30) days, next preceeding the election, is entitled to vote. Given under my hand, with the seal of the City of Paris affixed, this the 6th day of September, A. D. 1917.

Ed H. McCuistion,
Mayor.

Attest:
Judd W. Wright,
City Secretary.

EITHER DANFORTH OR CICOTTE ON TUESDAY

Chicago, Oct. 8.—Just before leaving for New York Sunday night, Manager Rowland of the victorious White Sox said it would be either Danforth of Cicotte in the third game at New York Tuesday.

Rowland is wearing a bandage on his right hand on account of a burn which he suffered at the ball park. During the excitement after the game yesterday when he was preparing to leave fo rNew York, the victorious manager in turning on the hot shower at the club house, thrust his hand into a great volume of escaping steam and it was so badly burned that it had to be bound up in oil.

87--COUNT 'EM--87 "KIDS" GET IN, AS SONS OF ONE COP

Chicago, Oct. 8.—Captain Mitchell J. Gallery, in command of the police detail at White Sox park, during the world's series games, was surprised today when he learned that eighty-seven youngsters claiming to be his sons, had been passed into Sunday's game. The crowd waiting around the park gate noticed several boys go up to the various gates, whisper to the policeman or employe on duty and walk in. When policemen checked up at headquarters it was found that eighty-seven "sons" of Captain Gallery had been passed in.

DICE GAME BRINGS FIGHT; THREE KILLED

Newport News, Va., Oct. 8.—A row over "loaded" dice led to the killing of three men late Sunday in a dice game in the woods near Newport News.

C. W. Alexander of Dallas, who, according to the police, was accused by other players of the triple shooting was being sought tonight by police, provost guards and a posse of citizens.

The men killed were Ozzie Tyree, William Davis and William Barges, all of Newport News.

URUGUAY BREAKS RELATIONS WITH THE GERMANS

Montevideo, Uruguay, Oct. 8.—Uruguay has severed diplomatic relations with Germany. A presidential decree announced the rupture following a vote in favor of it by the chamber of deputies, 74 to 23.

The German minister has been sent his passports. The vote in the chamber was taken at 2 o'clock Sunday morning.

President Viera in his message to parliament declared that the Uruguayans had not received any direct offense from Germany, but that it was necessary to espouse the cause of the defenders of justice and small nationalities.

Wants a Liberty Bond

A Paris boy who is in the army writes:

"Dear Father. I want to help end this awful conflict. Subscribe for me one one hundred dollar Liberty bond. I am glad to lend back to the government all I can spare out of my salary."

STRIKE ON RUSS RAILWAY TIES UP TRAFFIC BADLY

Petrograd, Oct. 7. (Sunday.)—The general railway strike order, which promises a complete tie-up of traffic except sanitary and military trains, became effective last midnight. All passenger trains scheduled to leave Petrograd today except for the front, were abandoned. The strike was carried into effect in spite of the warning given by M. Nikitin, minister of posts and telegraphs, that the strikers would have to answer charges of treason and calling upon the telegraph operators to refuse to transmit the strike order.

SOLDIER WANTED LONG LETTER; WISH TO BE GRATIFIED

St. Louis, Mo., Oct. 8.—Private Clarence Willard, now at Camp Funston, will receive a letter 300 feet long this week from his friends here. It will be sent by parcel post.

After the departure of Willard, who was an employe of the United Railways company, his friends decided to send him a long letter, each one to add a few lines. The letter now measures 250 feet and will be completed this week.

SHERMAN LAD SHOOTS, KILLS SMALL BROTHER; ACCIDENT

Sherman, Tex., Oct. 8.—About noon Saturday T. H., the 3-year-old son of Mr. and Mrs. Grover King, was shot through the heart and instantly killed. The shooting was done by a brother, Owen King, 6 years old, who was playing with a target rifle, thinking it was unloaded. The mother had stepped into the yard for a moment and the shooting occurred in her absence.

It is hard to put yourself in his place, and then, too, it might embarrass him.

If a man could ever get enough money to support his family in all they want it would be just his luck to have another one to support.

Clothes satisfaction for everybody

SATISFACTION is all you want when you buy anything. Isn't it? Satisfaction is enough. Everybody talks about it in advertising, because it's what everybody wants to get. We want to give it.

We try to protect ourselves with the best merchandise we can find, with capable, trustworthy men who are devoted to the interests of our customers as well as to ours; with service policies; and then we protect you with our guarantee of absolute satisfaction.

Military sport suits for young men

It's the new idea; military touches in suits and overcoats. The new Hart Schaffner & Marx designs we're showing are unusually smart. All-around belts, patch pockets, plaits, yokes, in all the best all-wool fabrics and coloring. Older men wear these styles too—models are provided for everybody.

The right clothes for men of affairs

Hart Schaffner & Marx make them of all-wool materials and put the correct style touches into them. Sizes and models are designed for all figures. You get the tailoring and quality you pay twice as much for at a good tailor's. You can see how the clothes look on you—and you don't take them unless they satisfy you completely.

Uniforms for army officers

You want the best value in a uniform that you can find—all-wool fabrics, good fit, and fine tailoring. We'll give you these things in Hart Schaffner & Marx regulation uniforms and regulation overcoats. The best values to be found.

We have some unusually good army hats and other accessories—all chosen with your best interests in mind.

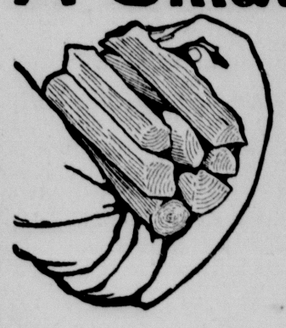
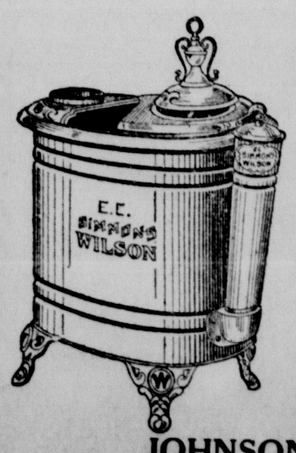
A Smaller Armful of Wood



If you have one of the ordinary fuel-devouring wood heaters you will be glad to know of the new principle of the Down Draft that saves one-half the fuel. This principle is found only in the

WILSON
Hot Blast
HEATER
For Wood



Feed the fire half as often—half as much at a time—the down draft prevents waste of heat up the chimney—forces back all gases into the fire, where they are burned.

Because the Wilson is air-tight, fire can be held for 36 hours—also perfect combustion is made possible.

We sell the Wilson Heater for wood or coal.

JOHNSON- BILLINGSLEY CO.

AN AUTOMOBILE BOWLS HORSE AND RIDER OVER

While L. C. Myers, a horse trader, was riding along South Fifteenth street Sunday afternoon he met a man approaching him in an automobile. The latter was not going very fast, but when he got nearly up to the horseback rider the steering wheel became cranky, and losing control of it the auto ran against the horse and made it rear up and fall backward on the rider, severely spraining one of his ankles and skinning up his arm considerably. The driver of the automobile tried to apologize for the accident and said that he had lost control of it, but the horseman told him he would have to show him that his machine had got out of fix, which he succeeded in doing satisfactorily and they parted on friendly terms.

makes new hats to order—any style, at most reasonable prices.

Old hats cleaned and blocked to look like new.

19 N. Main St. Paris, Tex.

ONE HOME WAS BURNED AND ANOTHED DAMAGED

The residence of C. F. Rodgers at the cornerof Fifteenth and Austin streets was destroyed by fire at 9:35 o'clock Sunday night, which started from an unknown cause, as there was nobody at home at the time and there had not been any fire in the coo kstove since Saturday evening. Mrs. Rodgers and children had been visiting in Cooper and her husband was at the depot to meet them on the 10 o'clock Texas Midland motor. The fire broke out while he was at the depot, and the house, which was an eight-room building with three halls, and was known as the old George Holmes place, was entirely consumed, together with all of the household effects, including a fine piano. None of the wearing apparel was saved.

The residence of J. S. Gunn, immediately adjoining the Rodgers home on the south caught on fire and was badly damaged. The roof on the north side and the wall were nearly burned up. The roof was practically consumed, and what was not burned was chopped off. W. A. McCrary's residence just beyond Mr. Gunn's caught on fire in the roof and was slightly damaged. When the fire started there was a strong wind blowing from the north and for a little while the southwest part of town was seriously threatened. T. E. Brazelton, whose home is in the vicinity, said that the firemen did splendid work in preventing serious spread of the fire. S. W. Dickson's old residence at the corner of Fifteenth and Sherman, was set on fire in the roof by sparks and R. R. Baker's barn was similarly ignited, but they were put out before there was any damage.

The loss of Mr. Rodgers' home and contents was estimated at $3,000 and it was only covered partly by insurance. Mr. Gunn could not say what the damage to his property was. He carried insurance.

The residence of Buford M. Jones at the corner of Manton and Culbertson streets was destroyed by fire at 8:45 o'clock last night. There was nobody at home when the fire started and the cause of it is not known. Mrs. Jones and children are visiting at Deport and Mr. Jones was down town. The fire was first discovered by Mrs. Richmond, a near neighbor, who turned in the alarm. The entire back and roof were ablaze when discovered, and the house and contents were both consumed. The house was a neat bungalow of five or six rooms. The News was unable to learn last night what the loss was or the amount of the insurance.

SIXTH DISTRICT COURT FALL TERM CONVENES

The district court convened yesterday morning with Judge Denton presiding and all of the grand jurors who had been summoned were present except three. The grand jury as organized is composed of the following: N. B. Crawford, L. W. Jackson, J. F. Pettigrew, T. N. White, Guy Wilson, Chas. Rheudasil, G. B. Lowrance, Dan Leggett, J. W. Kessling, C. E. Broadhead, Dee Thompson, Cal C. Roe (colored). One of the members, T. N. White, had a leg broken less than three weeks ago and is unable to get along very well, but he did not claim exemption on that account, and with the exception of finding crutches a little unhandy he appears to enjoy life as well as before his leg was broken.

Geo. B. Lowrance of Blossom was appointed foreman of the grand jury and J. E. Bobo was appointed door bailiff. The different constables were appointed as riding bailiffs in their respective precincts. Judge Denton's charges were along the usual lines and were delivered in the same clear and succint manner as heretofore, presenting the laws and reasons therefor in such a forcible way as to make them readily comprehended The grand jury began work soon after dinner and was in session most of the afternoon.

The court heard one divorce case during the day in which an agreed judgment was rendered as to the property rights. The appearance docket will be called this morning. No cases will be tried on the criminal docket before Thursday, the 18th, on which date the Sidney Webb murder case will be called.

Bad breath is a symptom of a disordered stomach, and weak digestion. The remedy for it is Prickly Ash Bitters. It purges the stomach and bowels of fermented food and impurities, sweetens the breath, clears the complexion and makes you feel fine. Price $1.25 per bottle. R. J. Murphy, Special Agent.

DIED SATURDAY NIGHT AT AIKIN HOSPITAL

E. T. Perry, who was about fifty-eight years of age, died a little after 12 o'clock last Saturday night at Aikin hospital. He had been sick for some time and his death was caused by Bright's disease. The deceased had lived in Lamar county for several years and before moving to Paris he was engaged in farming in the Biardstown community. After moving to Paris he ran a hotel for some time at the old Broad place at the corner of Twentieth and Houston streets, which was destroyed by the big fire last year. At the time of his death he was living on West Cherry street. He is srvived b a large family. The funeral service was held at 4 o'clock Sunday afternoon, conducted by Rev. W. B. Kendall. The burial was at Evergreen cemetery.

CUT HIS WAY TO LIBERTY WITH A POCKET KNIFE

Deputy Sheriff R. D. Orr of Cooper was in Paris yesterday in search of one Noble McIntyre who made his escape from the county jail Sunday evening. His home was near Cooper and he was arrested Friday on the charge of stealing cotton in the seed from a field. On Sunday evening Deputy Orr, who lives with his family in the residence part of the jail, turned the prisoners out in the run-around to sweep and clean up. While he was supposed to be at work Deputy Orr and his wife went out for a drive and when they returned the prisoner was gone.

A hole had been cut through the soft brick outside wall from the corridor and he had let himself down with a rope made of strips torn from a blanket. The passage between the cell and wall was almost too narrow to crowd through and was not much used. A negro slacker had been kept by a United States deputy marshal in the jail a few days and it is thought that he must have cut nearly through the wall in trying to escape, and there was not much work left for McIntyre to do to gain his liberty.

McIntyre is the man who was mentioned in the Paris News Sunday morning as having served a term in the pen from Lamar county for cow theft. He had just been back from the pen two months when he was arrested at Cooper for cotton stealing. It is said that he had served terms in the pen in Oklahoma and Arkansas.

PEOPLE'S LOAN ASSOCIATION

JAW SHOT AWAY AND JUGULAR VEIN EXPOSED

In a difficulty between negroes below Biardstown last Saturday night "Red" Odom, about forty-five years old, who lived on Dud Bly's farm, was shot and seriously wounded by Arthur Adkinson, who used a shotgun. The cause of the trouble was that the wounded negro appeared to be too much interested in Adkinson's wife. He went to Paris with her and returned after dark. The husband of the woman was ready to meet them as they drove up and pulled down on him with his gun. The charge of shot tore away part of Odom's jaw and exposed the jugular vein, but it is understood that he will recover. Adkinson was arrested and waived preliminary examination yesterday before justice of the Peace Mike Brady, who placed his bond at $400.

MADE A ROUNDUP FOR ALLEGED BOOTLEGGING

Right on the eve of the grand jury convening Sheriff Clarkson and his deputies assisted by members of the police force made a raid Sunday night and arrested seven white men and one white woman on felony charges of bootlegging. Ben Morse, Henry Daniels and Cub Sweeney, three of the persons arrested, waived preliminary examination before Justice of the Peace Jay Hall and their bonds were placed at $400 each to await the action of the grand jury. Two of the men arrested, B. F. Standifer and Bill Bryant, waived before Justice of the Peace Mike Brady and their bonds were also placed at $400. Mrs. Lucy Robertson was arrested yesterday morning and waived before Justice Hall, who placed her bond at $500.

..Local News..

The oil mills at Paris paid $70 per ton for cottonseed yesterday, which is an advance of $30 per ton over last week.

Ben Stansberry, the old darky who stabbed George Watson, a merchant at Blossom last Saturday evening, was brought to Paris Sunday and lodged in jail.

It is predicted that there will be more cotton-boll pulling this winter and spring than was ever known before. Dogtail and bollie cotton promise to bring as much as staple used to bring.

Sam Wood and wife left yesterday for the Wright plantation at Kiomatia, where he will be employed until next January in building several tenant houses and in making some improvements on the old home for George Wright. He and his wife will live in a tent while he is at work.

The year-old child of Andrew Locke, living below Biardstown, was taken sick and died suddenly Sunday night.

R. J. Durham sold last Saturday to Andrew Cheatham a well improved black land farm of 100 acres three miles southeast of town on the Jefferson road for $14,000.

Marriage licenses were issued yesterday to Joel L. Holcomb and Miss Corinne Edna Huddle, T. C. Hendon and Miss Vera Hart.

A son was born last Friday morning to Mr. and Mrs. I. R. Jackson of Milton at the home of Mrs. Ella Walker, the grandmother of the infant, in Paris, but it scarcely saw the light of day before it was called away, much to the grief of the parents who were longing for the prattle of an innocent babe to enliven their home.

J. F. McMillan and Miss Bonnie Pinkerton of Antlers, Ok., were married at 12 o'clock Sunday night by Justice of the Peace Jay Hall at his home in West Paris.

The new school building at Broadway, which cost between $3,000 and $4,000, has just been completed and the trustees, W. A. Stephenson, J. R. Green and Homer Sanders, were in Paris yesterday after the desks. It is an up to date building erected according to the state requirement.

Hugh McFadden, Ben McFadden and Ben Crabb of Glory left yesterday for San Antonio to join the army.

The baby of Ed Springer and wife, living between Roxton and Brookston, died Sunday.

Gaither Dunagan sold fifteen bales of cotton yesterday for 27 cents.

The Paris High School boys are making arrangements to play an interesting game of football at an early date.

Joe Dillard has put in a private electric light plant at his home at Minter within the past few days. Jack Bell put in one for his dwelling and garage and gin about three weeks ago.

An item in the Houston Post last Saturday states that the highest price ever paid for cotton in South Texas was that brought by a lot of long staple fleece, which was sold to T. A. Johnson & Co., for 32½ cents.

Mrs. Luther Whitten and little daughter, who have been quite ill, are now very much improved.

The election for the issuance of $20,000 streets improvement bonds will be held today at the usual voting places. The money is to be used in completing the paving on the Plaza and at the new high school. All property tax payers are entitled to vote and all should do so.

Joe McGill and Miss Beulah Bailey, a young couple of the Pattonville community, were married Sunday.

Government Statistician C. O. Crook reports that there were ginned in Lamar county up to Sept. 25th, 10,238 bales of cotton, compared with 35,208 bales at the same date last year.

The Rotary Club will not have its lunch at noon today, but will assemble at 7o'clock this evening and the dinner will be in charge of the Tennesseeans who are members of the club.

Prof. J. M. Roach and wife and President R. B. Binnion, of the new East Texas Normal school, which is now a state institution, and wife were entertained at Commerce last Saturday night by Prof. E. E. Chamness and wife with a squirrel supper. Prof. Chamness is principal of the school at Fairlie, and besides having the name of being a good teacher he is a champion squirrel hunter. He comes occasionally to Pattonville to take a hunt with his father.

The wholesale branch house of the Paris Grocer company at Greenville was destroyed by fire Sunday afternoon. C. M. Portwood the, manager of the business, was sitting in the office when the fire started. There was an explosion supposed to have been caused by spontaneous combustion. The loss on the stock of goods was about $150,000 and it was covered by insurance.

Polk Golden, a farmer about forty years old, who lived nead Palestine church east of Powderly, died last Friday after a brief illness and was buried at Chicota.

A wet norther preceded by lightning and high wind was ushered in Sunday night and made winter clothing comfortable yesterday. The hardware dealers had a rush of orders for putting up and polishing stoves.

C T. Martin of Easley, S. C., editor of the Easley Progress, is visiting his sister, Mrs. C. B. Jennings, at Brookston. He has seen his sister only once in fifty years. Mr. Martin is very favorably impressed with Lamar county and has written several articles back to his paper giving a glowing description of it.

Watt Simpson has bought Dr. A. Moore's interest in the livery business with Chas. Hannon.

Ticket Agent Phil E. Baer of the Texas & Pacific states that the Dallas fair rates will be higher than heretofore. Round trip tickets good as long as the fair lasts, which heretofore sold for $3.60, will be $5 and the Saturday tickets will be $2.30.

The series of meetings which began at the First Presbyterian church last Wednesday night will be continued through the present week, conducted by Dr. B. E. Wallace, the pastor, assisted by Rev. Wallace Clift, who is leading the singing. The meetings are being attended by good audiences. There were two accessions to the church Sunday.

Sheriff Clarkson, who returned Sunday night from San Antonio, visited Camp Travis while there and saw all of the Paris and Lamar county boys. He said that they had been distinguishing themselves while there. They have won three prizes, one for aptness in learning to drill, another for endurance in a twelve-mile hike and the third in wrestling contests. The San Antonio papers have spoken highly of them.

I. C. Crawford living on the Polk Williams farm two miles east of town, brought to The News office yesterday three sweet potatoes the combined weight of which was sixteen pounds. They were all grown in the same hill The largest was eighteen inches in length and fifteen inches in circumference and weighed eight pounds.

Dr. J. M. Simpson, who came here a few months ago from Milan, Tenn., for the benefit of his health, has accepted a position at the Hutchison Shoe Store.

A negro who was picking cotton near Forest Hill reported to the officers that his brother stole $31 from him. A search was made for him, but he couldnt be found.

Walter Emerson, charged with selling whisky, was arrested last night by Deputy Sheriff O. V. McDonald. He waived before Justice of the Peace Jay Hall and his bond was placed at $500

Sheriff Fitzgerald of Hugo was brought to the Sanitarium last night to be operated on for appendicitis. He has been operated on once before for the same trouble.

They're Close Friends But Never This Close

An Attractive Trio From the Cosmopolitan Inhabitants of Ringlingville.

"Beauty and the Beast" might aptly serve as a title for the accompanying picture. The two ladies are noted for their bravery because it is apparently child's play for them to perform the most hazardous feats in the very top of the Ringling Brothers' mammoth main tent. Yet, fearless as they daily prove themselves to be it is doubtful if they would care to come this close to "Pasha," mightiest of jungle tigers, excepting in a picture. These comely aerialists are two of some 400 arenic performers that will be seen when Ringling Brothers Circus exhibits here Monday, October 29th., and "Pasha" is but a single snarling unit in a menagerie which numbers more than a thousand wild animals.

COMPANY ORGANIZED TO PROSPECT FOR OIL

A Mr. Winkley of Marion, Kan., who is said to be a wealthy capitalist and well known oil man, was in Paris last week on business in connection with an oil company which he has organized in Delta county to bore for oil northeast of Enloe. The capital stock of the company is $60,000. A spot northeast of Enloe has been selected on which to bore a test well. eLases on land have also been secured between Atlas and Broadway and if the experiment in Delta county is successful the company will come over into Lamar county to bore. The material for erecting the derrick has been purchased from a lumberyard in Paris and the pipe has been ordered with the intention of beginning work right away.

WEDDING LAST NIGHT NEAR THE CITY LAKE

Joel L. Holcomb and Miss Corinne Edna Huddle were married at 7:30 o'clock last night at the home of the bride's parents, Mr. and Mrs. W. E. Huddle, near the city lake. The ceremony was performed by Rev. W. H. Brown of the Methodist church. Miss Fannie Huddle, a sister of the bride, attended her as bridesmaid and Dean Madison of Sumner was best man. The bride and groom, who have lived all of their lives in the community, both have a number of friends, some of whom were present at the wedding, but most of them were taken by surprise. It was known that the young couple expected to get married at a later date, but they changed their minds and married earlier than they had intended. They will begin keeping house at once.

Attention Salesmen

We want a first class automobile salesman—salary and commission. See Mr. Mummert. Adams Motor Co., 37 Bonham street, phone 2060.

BOY CHARGED WITH THEFT STANDS OFF EMPLOYER AND 2 MEN

Dallas, Texas, Oct. 8.—Armed with a shotgun, an eighteen-year-old boy who had stolen between $35 and $40 from the United Grocery Company No. 4, concealed himself nder the T. & P. trestle three or four miles south of Dallas Sunday morning and defied his employed and two helpers to take him.

He was captured only after the three men had secured the assistance of two officers from the sheriff's department. Formal charges will be filed against him Monday. T. D. Stallings, manager of the grocery store; M. S. Carroll, clerk and Albert Clayton, wagon driver, and the two officers composed the party that went after the youth.

According to Stalling's story to the police he had hired the boy to deliver some groceries Saturday morning. Later in the afternoon the driver did not return to the store, and an investigation revealed the fact that he had collected the money on the groceries and pocketed it for his own use.

Stallings reported the theft to the police and late Saturday night the wagon was found abandoned near Trunk and Guntera avanues. Early Sunday morning Stallings learned where the lad had been rooming and calling there he learned that the youth had left the city.

Accompanied by Carroll and Clayton, Stallings traced the thief to the trestle south of town, but was halted by the appearance of a levelled shotgun. After a hasty conference the three men returned to Dallas for assistance. The capture followed about an hour later.

EAR CORN

We will give $1.30 per bushel for good, sound ear corn.

Paris Fuel Co., Phone 2048.

FOSTER'S WEATHER

Washington, D. C., Oct. 6.—Last bulletin gave forecasts of disturbance to cross the continent Oct. 9 to 13, warm wave 8 to 12 cool wave 11 to 15. This will bring warmer than usual; morethan usual prescipitation is expected on north Pacific slope and in large sections east of Rockies Two cold waves, each bringing frosts, are due to reach meridian 90, moving southeastward, one near October 14 and one near 20, but, while one of them will be unusually severe, we can not determine which but would select October 20 as the extreme.

We desire to do all we can for subscribers to this paper and those of them who are considerably interested in anything that might be affected by the severe, sudden or slow changes in the weather, may write us, enclosing a stamped and addresed envelope. We watch the weather of the whole continent. carefully, every day, and frequently send out telegrams giving warnings of important weather events which we have not been able to get into these weather bulletins. Address Foster's Weather Bureau, Washington, D. C.

Next warm wave will reach Vancouver Oct. 14 and temperatures will rise on all the Pacific slope. It will cross crest of Rockies by close of Oct. 15, plains section 16, meridian 90, great lakes and Ohio valleys Oct. 17, eestern sections 18, reaching vicinity of Newfoundland about Oct. 19. Storm wave will follow about one day behind warm wave and cool wave about one day behind storm wave.

These two starms will be of unusual importance, because of the cotton and late corn crops. One of the cold waves, mentioned above, will finish the line of the late growing corn crop and will also enter the cotton belt. At this time we cannot give a more detailed forecast.

October has been, in a general way calculated to average a little warmer than usual and the crop weather of the month to be favorable to maturing and harvesting. The trends of average temperatures were calculated to be—as they cross meridian 90 moving eastward—high near September 28, low for the week centering on Oct. 4, high for the week centering on Oct. 12, low for the week centering on Oct. 19, high for the week centering on Oct. 28 and low for the week centering on November 1.

The most severe storms of October were expected to occur near 2, 15 and 30. These severe storms cause the precipitation, sometimes thousands of miles away from the storm center. We warn all to be on guard for the severe storms near October 30 and the severe cold wove frosts and blizzards that will be its rear guard. These rear guards, both in weather matters and in military affairs, are not pleasant things to deal with. The writer has had experience with both.

The U. S. Weather Bureau gets out of its element when it devotes columns of editorials denying that the Moon has effects on our weather and upon vegetation. Official science is a greater hindance to the advance of science than ever the Rockies were to the westward march of the railroads. They occupy the space of the traditional dog inthe manger that would neither eat the hay nor let the cow eat it. The Moon is a great magnet and affects the Earth through magnetism, not through light.

The Needs Of The Nation For Telephone

SERVICE AND EQUIPMENT MAKE NECESSARY GENERAL CONSERVATION IN TELEPHONE USE.

All military activity has been broght together and co-ordinated by the extension of the general telephone system to widely separated camps, cantonments, war factories and supply depots. It has been made possible for a few master minds to control operations over vast sections of the country.

In addition demands upon the service, due to industrial and commercial activities, have been very greatly increased.

But the nation's need came first. A great part of the available reserve telephone equipment has been devoted to this end.

Therefore individuals are asked to practice conservation in their use of the telephone that their own vital service be protected against delays and loss due to extreme congestion.

Southwestern Telegraph & Telephone Company

BASEBALL MAGNATES IN PENN. WRECK

Pittsburg, Oct. 8.—Members of the National Baseball Commission were on the Pennsylvania Limited, on their way from Chicago to New York, when the train was wrecked near Beaver Falls, west of here, this morning. Reports to Pennsylvania railroad officials heresaid that none of the commission had been injured, although two enginemen had been buried in the wreckage and a number of passengers had been hurt.

IT'S THREE TO ONE ON THE SOX NOW

New York, Oct. 8.—With the Chicago White Sox and the New York Gaints due to arrive here late today from Chicago, the scene of the world's baseball series now shifts to New York and local fandom, disappointed but not dismayed as the result of the first two games, is hoping for Giant victories in Tuesday's and Wednesday's contests. The betting, however, has switched and wagers of 3 to 1 on the Sox are asked with but little money in sight.

All is in readiness at the Polo Grounds to hold the great throng. Everything has been provided except the ewather, and that promises to be fair. Despite unusually energetic measures to check ticket speculation, quantities of the coveted pasteboards have reached speculators and they are being offered for sale at an increase of from 300 to 400 per cent above the stipulated price. The vanguard of baseball enthusiasts from various parts of the east arrived last night and hotels are crowded to capacity.

Council Meeting

The regular monthly meeting of the city council last night was devoted to routine business and there was nothing of special interest. The usual accounts were audited and allowed and there was discussion of some street matters. The light committee was asked to look into the request for a light at Houston and 5th streets.

Notice Regarding Price

To Our Customers:

Since the beginning of the European war three years ago there has been an ever-increasing scarcity of foreign drugs and chemicals. Some of these imported drugs we use in the manufacture of Prickly Ash Bitters. As a result of this great scarcity prices ahve advanced enormously. We have paid these high prices up to this time without making any change in the price of our remedy and we had hoped to continue to do so until the situation improved; but, advance has followed upon advance so rapidly in the last few months, and prices have now reached such a high point that at our present selling price, we are confronted with a loss on every bottle we sell.

We don't like to ask more from our customers; that is why we have been putting it off, neither do we like to lose money, and we could not consider for an instant reducing the fine quality of our remedy by substituting cheaper materials. We feel sure the people who know Prickly Ash Bitters would rather pay a little more for the genuine article than the old price for something not as good. In these circumstances we are constrained to ask the users of Prickly Ash Bitters to share this extra cost with us and we take this means of notifying our friends and customers that the price of Prickly Ash Bitters from now on will be

$1.25 PER BOTTLE

We regret exceedingly the conditions which make it necessary to do this and trust to your fairmindedness that we may continue to be favored with your patronage.

Yours truly,
PRICKLY ASH BITTERS CO.
R. J. Murphy, special agent.

SAYS ENGLAND SHOWS NO SIGNS OF WEAKENING

Amsterdam, Oct. 8.—George Goethien, progressive member of the reichstag, is quoted in a Berlin dispatch as having said at a meeting of the central committee of his party, that although the military situation was satisfactory, there was no hope of crushing Germany's enemies on land.

For the submarine campaign, 7,000,000 tons of shipping had been sunk, he asserted, but no disposition toward eace on the part of England was discernible.

A rationing system for foodstuffs had not been even introduced, and no one was able to say when the U-boat would make England more inclined for peace.

"America cannot be forced to make peace," Herr Goethien continued. "We cannot force America to pay a war indemnity."

High School Faces Strenuous Season

The 1917 football schedule of the Paris High school promises to be one of the hardest and longest that it has been for years.

With eight games scheduled, six of which are at home, local fans will have the opportunity of seeing some real thrilling high school football.

The season opens Friday when the local boys will endeavor to take the scalps of the strong Commerce team on our own grounds. This will undoubtedly be one of the big games of the season as both teams have been working hard and consistently. After weeks of thorough practice and training the Paris boys feel quite confident of victory on Friday.

Other games scheduled are:
Oct. 20, Clarksville at Paris.
Oct. 27, Cooper at Paris.
Nov 3, Hugo at Paris.
Nov. 10, Honey Grove at Honey Grove.
Nov. 17, Bonham at Paris.
Nov. 24, Texarkana at Texarkana.
Nov. 29, open.
Season tickets for sale by all high school students.

Columbia Grafonola and Double-Disc Records

Take a Holiday and Hear the Columbia Grafonola

While buying a phonograph is a serious business in a way, every dealer in Columbia Grafonolas knows how to make your time pass pleasantly while you are in the Columbia salesrooms.

You buy a phonograph for your home, and you should feel at home when you are shopping for one.

Go to the Columbia dealer's and make yourself at home. Play the instrument as if it were your own. Ask for any record in the list as if you owned them all. Play the ones you like as often as you feel inclined to. Walk right up to the Columbia Grafonola, wind it, change the needles, regulate the tone-leaves —you will find them only on the Columbia Grafonola. Put on and take off the records and don't be afraid of hurting the instrument. While the salesman will do all this for you if you want him to, he will be happy to have you learn to operate the Columbia then and there.

Take all the time you want. If you should prefer to make up your mind about buying at home, an instrument will be sent to your home for you to try. There is no charge for this. No obligation to buy is incurred.

Know the Columbia. Get acquainted with it, ask questions about it, take your time, and the experience of buying a phonograph will be one you'll always look back upon with pleasure.

Columbia Grafonolas are priced at $15 to $350

The Tied-On Blouse Continues in Favor

New York, Oct. 8.—New York, Fifth Avenue—and October! Could there be a more glorious combination? The very air is charged with magic. As we walk briskly along that wonderful thoroughfare, we view with kindly eyes the passing throng, seeing all the attractions and the human failings that are a part of this kaleidoscopic scene, happy in their happiness and glad that they, too, are alive. A well-dressed crowd is always a study in psychology. Here we can trace the influence of passing events in the nation's affairs; for the times, and the spirit of times, are clearly reflected in the costumes of the women.

Blue Serge Walking Costumes

There are creations, marvelous gowns, furs and coats, to be seen, but about each there is a subdued elegance of good taste. Under the glamour of these snappy days, one can see the ever-present feeling of the seriousness of the war. We simply san dress inappropriately when these happy-go-lucky youngsters in khaki throng our streets and act as our escorts as places of amusement.

The Battel of the Bustle

There is a restraint about everything, from the sleeves, which are long and tight in street costumes, to the skirts, which are narrower than last year, and which promise to be longer. There is one important question which has not as yet been settled. A fierce battle is waging between two factions, for the bustle and against it. After all it is up to the women themselves, in

The New Tunic Dress

the end, and only they can decide whether a style is "to be or not to be." Fashion authorities may launch a mode, but if the women won't wear it—it dies, and something else quickly takes its place.

The Dress and the Suit.

At present, indications are that the dress and coat will be more popular for street wear than the coat suit. This is a rule that is easily set aside, and there will be many suits worn this year. Indeed, it is an American costume, and the American woman always feels thare are occasions when only a coat suit should be worn. However, dreses to be worn on the street without a a coat, these first cool days are holding the center of the stage. Blue serge leads as it always does, but tricotine, gaberdine and wool jersey, as well as the heavier woolen materials in various colors are equally smart.

The Tie-On Waist and the Straight Skirt.

The illustration shows one of the many clever designs for the tie-on blouse. The surplice line is so generally becoming that I, for one, am glad to see that it continues to be a fashion favorite. The panel effect in the front, with its braiding designs, is another feature. This dress was developed in the blue serge, with the collar and braiding in beige color. At first glance, one sees the simplicity of the costume, and effect gained by the absence of trimming. A dress of this type is equally suitable for morning or afternoon.

Buttons and Tassels

The day of buttons seems to have arrived to stay. They are now of every shape and color, and in many cases are the sole trimming on a trim tailored frock. They also crop out in unexpected places. We naturally lok for them on the fronts of coats, dresses and waists; sleeves, too, and even collars have been devotees of the button for some seasons. Now, though, they have taken new strongholds. Up and dwn the back they travel, around the hems of inconspicuous skirts, and across the shoulder and down the sleeve. When they match the color of the costume, they are smart; when they are of a contrasting shade, they are smart; when they are round, square or oblong, they are equally smart. Indeed, one is tempted to say that this fall they the the chosen insignia of Dame Fashion.

Tassels, too, and fringe, come in for their share of applause. In different widths and shades, they accentuate the flying drapery of the straight silhouette

The New Tunic Dress

The tunic gives such lovely long lines to the shortest figure, that one can easily understand why it is so popular. Then, too, the tunic dress can so readily be made of two materials and contrasting colors, and so presents many possibilities for the home dressmaker as well as for the professional. The shaped tunic is very new; the one illustrated here shows how graceful is the effect obtained when it is longer on one side than the other. Fur, long or short haired, is used a great deal on these dresses. There is something fascinating about the contrast of the rich fur and the simple material. The wide crash belt, the surplice collar, and the tight sleeves are all features well worth studying.

MILWAUKEE GIRL TO DRIVE AUTO AT BATTLE FRONT

Milwaukee, Wis., Oct. 8.—Miss Helen Cudahy, daughter of the packer, is going into war service, driving an automobile in France. She is the daughter of Mr. and Mrs. Patrick Cudahy and has two brothers, John C. and Michael, in the officers' reserve at Camp Custer.

Miss Cudahy studied nursing a year in Boston and has fitted herself to drive an ambulance from the Paris hospital base to field hospitals, carrying supplies. She will repair her own car.

When the Skin Seems Ablaze With Itching and Burning

There's just one thing to do.

If your skin seems ablaze with the fiery burning and itching of Eczema, real and lasting relief can only come from treatment that goes below the surface—that reaches down to the very source of the trouble. So-called skin-diseases come from a disordered condition of the blood, and the proper treatment is through the blood.

Search far and near, and you cannot find a blood remedy that approaches S. S. S. for real efficiency. It has been on the market for fifty years, during which time it has been giving uniform satisfaction for all manner of blood disorders. If you want prompt and lasting relief, you can rely upon S. S. S. For expert advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. C Atlanta, Ga.
